PERSONAL PROJECTS

Fees Management System for Multiple Courses

- Developed a Streamlined and Efficient Fee Processing website on the Proposal of IBMR College Hubli.
- User-friendly web-based Fees management System that automated entire fee processing workflow by integrating secure payment gateway.
- Reduced administrative workload and processing time.

Internship Portal for Haegl Tech PVT LTD Hubli

- Developed a dynamic web platform enabling aspiring interns to discover and apply for tailored internship opportunities at Haegl tech PVT LTD.
- By facilitating efficient internship placements, the website helped in the Haegl Tech PVT LTD's growth, fostering a talent pipeline and contributing to the company's profitability.

Super Market Sales Dashboard

- Created interactive dashboard to analyze online sales using Microsoft Power BI
- Used complex parameters to drill down in worksheet and customization using filters and slicers. Used different types of customized visualization (bar chart, pie chart, line chart, area chart, map, slicers etc).
